Information

About Evolution Sails

All sails where necessary include triple sewing, numbers, telltales, draft stripes, leach lines, cleats and large bags for easy handling.

Mainsails include standard luff rope or sailmakers slides. Other systems can be quoted separately. All UV Strips are white unless specified.

As you can appreciate there are hundreds of sail combinations and materials available. I have selected what I consider to be the best for your application. However, if price becomes a major consideration there are cheaper alternatives which I would be pleased to discuss with you.

All sails are computer designed, plotted and cut from premium quality sail fabrics, and include quality handwork. Our advanced design and construction methods will ensure you many years of trouble free sailing.

We have been in the Sail Making Industry for more than 35 years and our products are second to none.

If you have any questions regarding this quote please do not hesitate to contact me.

Assuring you our utmost attention at all times.

Quote is valid for 30 days

Terms: 50% Deposit, Balance Prior to Dispatch.

All sails remain the property of Evolution Sails until paid in Full

All prices include GST.

Performance Ocean Cruising Mainsail

Prepared By
EVOLUTION SAILS – Queensland
Graham Sherring

Sail Area

88.52 sqm

Material

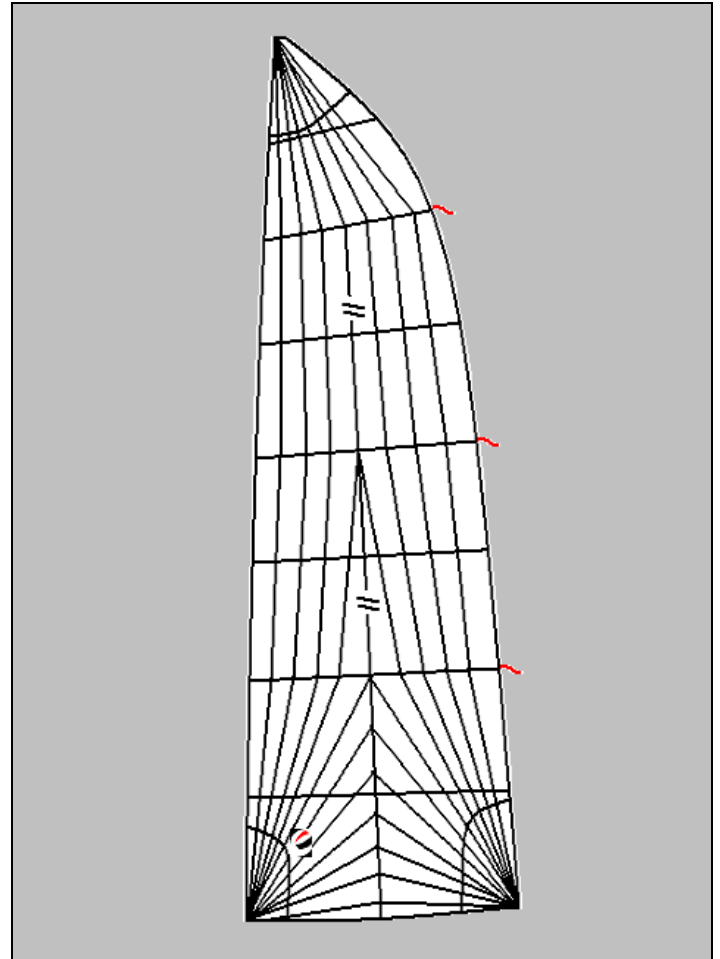

Dimension Pro-Radial 9/10oz

Construction

Dimension-Polyant has engineered Pro Radial to address the growing demand for radial sails to be build from Polyester fabrics. Pro Radial has virtually no crimp which we consider to be a basic necessity for such applications. This low crimp construction is achieved with a proprietary weave utilizing looms optimized to this application. Dimension-Poyant, as the only vertical producer of sailcloth, is in the unique position to make this development possible. The Pro Radial styles are now produced with our new Uvi Technology.

Included

Leach and foot Lines.
Full Length Battens.
Twin Ply areas between Leach Reefs to handle the high Head and Clew Loading.
Standard sailmakers bolt Rope or Slides.
Sail Numbers.
Leach Ribbons and Tell tails.
Sail comes with appropriate Bag.

This diagram is an approximate representation of the proposed sail.
The actual panel and or fibre layout may vary.

	Price
	\$12,608.00
Options: Reefs Each	\$, 844.00
Batten Boxes, Headboard not included	
Batten Boxes from old mainsail maybe reused if possible	
TOTAL	

Performance Ocean Cruising Screecher

Prepared By
EVOLUTION SAILS – Queensland
Graham Sherring

Sail Area

122.05 sqm

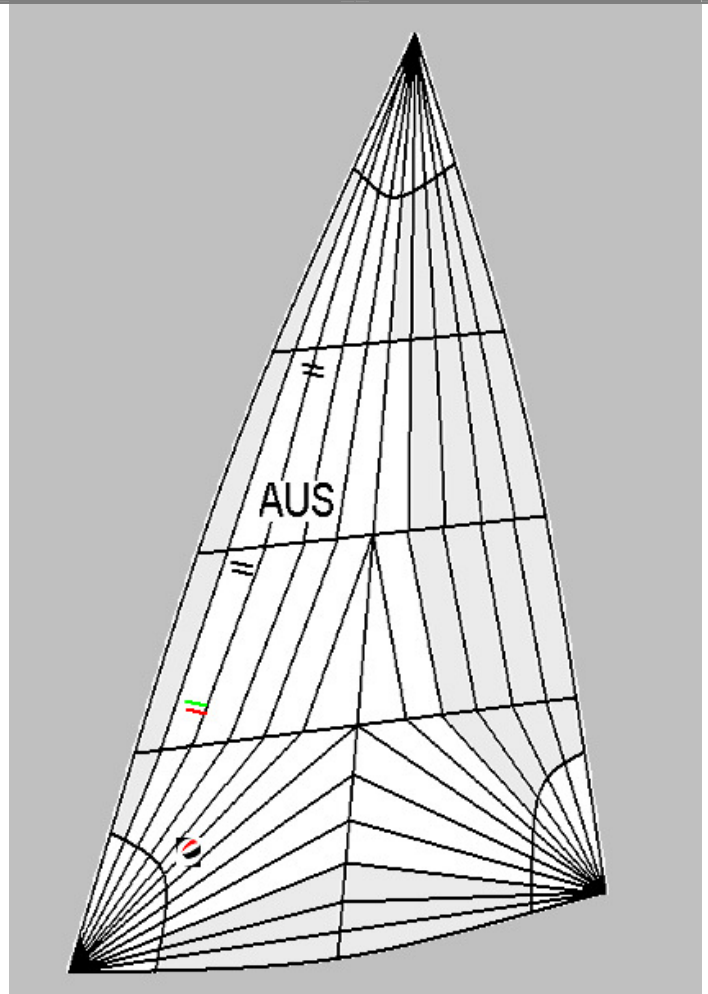

Dimension/Polyant PX10iT 5.7oz

Construction

Polyester XiT-Ply Laminates utilize high strength Polyester warp sheet fibre, one layer of inturnal Taffeta, a super rugged base and a 6 degree Black X- PLY to create racing fabrics with incredible resistance to flex, elongation and degradation from UV. These composite fabrics are the answer for no compromise race sails where the ultimate strength is demanded. PX XiT-Ply takes Polyester sails to new high performance levels. This fabric is suitable for Ultrabond construction to ensure no seam movement.

Included

Leach and foot Lines.
Sail is Cut for Roller Furling.
Leach Ribbons and Tell tails.
Sail comes with appropriate Bag.

This diagram is an approximate representation of the proposed sail.
The actual panel and or fibre layout may vary.

	Price
	\$ 9,963.00
